I don't want to go to Las Vegas
I like better Carson City
I'm like a dog for you
I just wanna be with you
I got my casino all wrapped around me
I just acknowledged the presence
Of you eternally
I give you me
What more could you want here
I am and I will be here
When you need a friend
Or you're ready to take my direction
I'm leading you here
Please take my bait
I want to eat you up and drink you down
I want you in me as I course through your body
I took your mind as I roamed about through you
I'm still here
It weren't for a moment
You'll never get away
You won't want to
You're mine
You don't have a life
You live in me, I am you
I'm saved by that rainbow
Colors, grand scheme of things
