I know that the time  
We spent together  
Weren't always meant to be  
Oh the voices outside that we heard so clearly  
Weren't meant for us to hear  
So it's true I was with you  
With you an everlasting moment  
Grew to be  
Listen to the other side of life  
Listen, don't turn back the tide of life  
If I should go and try to find  
The only thing that's on my mind  
Each and every day I dream a dream  
In which I don't return  
But I can never feel the threat  
No never feel a threat of losing  
Anything I get for free  
So listen to the other side of life  
Listen, don't turn back the tide of life
