Shirley ran with the big fat man
All over town with a nervous frown
If you behave then you can save
A license for your liquor store
Shoot a hen, run down again
To the marsh you saw in a field of straw
That's Lake Lagoon in the evening time
Just before the sun goes down
Betcha moon won't catch you tonight
Betcha got you running all right (should it be all right?)
Let the redwoods keep you awake
Shining in the lake for sake
Out in a boat on Lake Lagoon
There isn't no time not even in June
