It was a miracle
On an ordinary day
It was quite wonderful
In an extraordinary way

I saw a vagabond
With no shoes upon his feet
He had a top hat on
And he was dancin' in the street
Even Alice can't imagine this

It was a miracle
In an ordinary way
It was quite typical
For this extraordinary day

I saw a donkey fly
Right across from where I stood
He made a monkey sigh
Doin' exactly what he should
Even Alice can't imagine what I've seen

And where the river runs wide
The miracle's alive
And I'm going with the flow (It's not just in my mind)
And when my eyes become clear

I silence what I hear
And step into the looking glass
The looking glass we all know

It was a miracle
Not an ordinary day
It was quite beautiful
I'll never let it slip away

I saw a unicorn
Waiting underneath a dream
We watched a new moon born
Knowing it wasn't what it seemed
Even Alice can't imagine what I've seen

It's a miracle
You can't pretend it's not real
Know it's a miracle
It's just something you feel
Know it's a miracle
Don't think that you're crazy
Know it's a miracle
It's absolutely so amazing
