Lately, I live in a mystery  
Lately, my mind is playing tricks on me  
I don't know why

Maybe, I'll go back in history  
Maybe, I'll find a piece of sanity  
I'm gonna try

Crazy, what my life has now become  
Crazy, out of control and on the run  
Time passes by

Save me, reality has come undone  
Save me, let's head out to the rising sun  
And kiss the sky

Lean on me like in Pisa (Please follow me, follow me)  
Then come with me to Giza

Where pyramids will seize ya  
Point out Osiris' star (Come and be with me)

We'll hang where gardens don't fall (Please follow me,  
follow me)  
Then see the Taj's Mahal  
In China walk the Great Wall  
Know that nowhere is too far (Come and rescue me)

Lately, I live in a mystery  
Maybe, my mind is playing tricks on me  
I don't know why

Save me, reality has come undone  
Save me, out of control and on the run  
We'll kiss the sky
