I stayed home and did the wash  
What else could I do  
I got up on Sunday  
And I washed my clothes  
It's a human life  
The trains (?) are all around  
And when you're out there  
Is there any doubt  
If you get real wild  
There's nothing around  
I made the decision to get real wild  
I'll not forget today  
I'll add it to my memory  
And when I need to draw it out  
It will be there  
Sure, it's complicated  
But only once it in a while  
I stayed home and did the wash  
What else could I do  
I got up on Sunday  
I washed my clothes
