You ought've seen Sadie
She was my special gal
Yeah we were pals one night ago
We had a
We had a spat
And you should've seen us
We was fighting like alley cats
Oh me and Sadie, we was not hearing (?) no parties
tonight
We was gettin' loaded
Oh and now me and Sadie are alone
Nowhere to go, oh yeah
I'm gonna tell you 'bout the way it's been
The last few months or so
Well it's been here to go to
And here to show up
And it's nowhere to go, really
So me and Sadie
Lady I know, we
Got hold of uh, little surreptitious dough
And we spent it all on
Spent it all on booze
Yeah we got so loco every night
That's when we ran out
We had a terrible fight
Me and Sadie
Wearing a feather boa
Kimonos and Sears rubies
Why did she do it to me, oh Sadie
Sweet gal, why did we fall out so
I wanna know
Oh Sadie, my gal
