Remember when  
A friend was a friend  
Remember when  
Summer never would end

Remember when  
Days were filled with wonder  
So innocent  
No one pulled us under  
Pulled us under

We knew back then  
What tomorrow would bring  
We knew back then  
How to laugh how to sing

We knew back then  
Things might change whenever  
And then again  
We could live forever  
We'd live forever  
Forever

Take me back to where I belong (I wish that something  
better came together right away)  
To a better time that's long gone (It seems that nothing  
matters we're in tatters everyday)  
Take me back to where I belong (I wish that something  
better came together right away)  
Leave this all behind  
Find some peace of mind

How easily  
We gave up what we had  
How easily  
We let it all get so bad

How easily  
We lost our thunder  
It's plain to see  
We've been falling under  
We're falling under

We're under

Oh I just want to feel the sun on my face  
Oh I just want to feel we'll get to that place
