Well this here's the date and year
Collection
Again, it's the date and year
Collection
And well, to understand
You'll have to leave your new (?) man
On the day of the year
Collection
It'll last a year
So drink your beer
It's a collection of a year
Oh my, that's dandy
Keep your eye on Uncle Randy

Oh Randolph, you broke your collarbone
Gee well, here's one more time
Record a line
On the back page
Of the date and year
Collection
