I want to look in  
I don't want to look out  
Because if it's out there  
There's the place to be  
Think about the adjectives  
Describe the way it is  
It's not uncommon  
To have to go the other way  
And move the moment  
Like fire and ice  
We'll walk the spectrum  
With lights on the walls  
The floors are dead now

And that makes them alive  
They love you so much  
How could you turn away?  
We're not talking never  
I want to look in
