Dance bright and ??? it seemed
Right onto the night's star dream
Brings down the fortune black
Tore this body off the track (???)
Soon I see the day grow dim
I put you ??? this life ???
You are a bright star night my night
We need a person here bright (???)
On down the depths I spy a ???
??? that you had made
Of all the ???
To lay a body down to ends
A spirit from ???
To find a love for your ???
A bird flies home to you today
He needs no sun to see the way
He did his best in ???
???

??? truth I ???
Lay down there ???
??? with ???
Drive me under your ???
I found you ???
???
???
As I die in my ???
Take the ???
Take it your black disgrace
