[left channel] I been on the Bowery  
[left channel] Been on Beacon Hill  
[left channel] I ain't got no money  
[left channel] Oh Jesus, I never will  
[right channel] I got the right of way down a one way  
street  
[right channel] I click a finger to the beat  
[left channel] You got all money  
[left channel] Why you want me too  
[right channel] From before and what's more  
[left channel] I ain't got no money  
[left channel] What you want me to do  
[right channel] I got you  
[left channel] Where you put your laundry  
[left channel] I ain't never been  
[left channel] All I got's my shoes

[left channel] They took me where I been  
[right channel] You're the dream I been dreamin'  
[left channel] And are you serious when you say my  
name

[left channel] I know I ain't playin'  
[left channel] So I'll say goodbye  
[left channel] Hope you knew I came  
[left channel] Just to remind you [2x]  
[right channel] You're the cast of my eye  
[right channel] Yes, you're the catch of the season
