You ought've seen Sadie  
She was my special gal  
Yeah we were pals one night ago  
We had a  
We had a spat  
And you should've seen us  
We was fighting like alley cats  
Oh me and Sadie, we was not hearing (?) no parties  
tonight  
We was gettin' loaded  
Oh and now me and Sadie are alone  
Nowhere to go, oh yeah  
I'm gonna tell you 'bout the way it's been  
The last few months or so  
Well it's been here to go to  
And here to show up  
And it's nowhere to go, really  
So me and Sadie  
Lady I know, we  
Got hold of uh, little surreptitious dough

And we spent it all on  
Spent it all on booze  
Yeah we got so loco every night  
That's when we ran out  
We had a terrible fight  
Me and Sadie  
Wearing a feather boa  
Kimonos and Sears rubies  
Why did she do it to me, oh Sadie  
Sweet gal, why did we fall out so  
I wanna know  
Oh Sadie, my gal
