"Spanish In Me"

Well that's the Spanish in me
You broke my neck until three
Stop wonderin' why
Keep lookin' at the sky
You took a vacation whoah
Water thunderin' blow oh
You blew me back from the sky
Broke my neck until fall
You took a vacation whoah
Stayed away from that boat
Somewhere floating down a river to Madrid
'Cause that's the Spanish in me
Broke my neck until three

You broke my neck until four
You broke my neck until five
I was out there floating down a river to Madrid
Lookin' at the sky high high high high
The Spanish in me that...Spanish in me that's the...
Spanish in me
Down that river to Madrid
