I still don't know exactly what it was you thought
I don't know exactly where it was you thought
That's a good place to be for me
Where you are, you're gonna' have to tell me more
about it
You're gonna' have to tell me more about it
You will have to tell me more about it [2x]
More about it, more about it, about it, it
I expect that you will
We'll just have to see, won't we
Of course I've spoken for the both of us
I know you see things a different way than I do
There are a lot of levels

But I'm trying to get to the real core of things
See if that soul you got wants to be with mine
Then all the other differences don't matter at all
They just don't matter at all
They don't, they don't, they don't matter at all
