Hurried, ha ha
Aw, we've been waitin' twelve seconds
Since February thirty-second
It's been twelve minutes since February
Now the thirty-second
If your next last day of your life
Everybody dies
Get your knife, no leave it on
Get your knife, get your knife and leave it on
Get your knife and leave it on
It's February thirty-second and we're gonna get it now
Because the last day is February thirty-second
C'mon now, we're gonna get 'em all
This time its over, we're gonna get 'em

Aw c'mon, we have been ???
We're gonna kill 'em all
We're gonna kill 'em
Cause it's the thirty-second day of February
Oh it's raining on a dying man
C'mon now, there's a couple over there, let's get 'em
Eeeow okay, they're all dead now
