We came in search of love but all we found was this  
We came for peace of mind not the bitterness of kiss  
Now we have hope and we have reason and we have  
fire and might  
But when we fall we lose it all  
But we say

Never mind it's alright  
Never mind it's alright

First there was the promise made  
Then there was the choice to take  
Guiding light I call your name  
To wash in wisdom lake  
Now we have cloth and we have honey and we have  
second sight  
But what we need is faith indeed  
So we can say

Never mind it's alright  
Never mind it's alright
