Don't stare at your face / With your nose out of place /  
At the wrinkles where zits used to be / And remember  
that smiling / Uses less muscles / And frowning just  
makes you look ugly / So smile / Smile / And the whole  
world smiles with you / They'd smile / They'd smile / If  
the whole world just had a clue / Don't mess with your  
man / When he's selling you grams / He would kill you  
for less and then smile / And don't curse at a whore /  
As you open the door / 'Cos your service won't be with a  
smile / So smile / Smile / And the whole world smiles  
with you / They'd smile / They'd smile / If the whole  
world just had a clue / Don't sneer at your doctor / Or  
gamble and proctor / 'Cos they're just dawns in the  
game / The perfect prescription / Is one that you're  
given / That's filled out in Jesus' name / Don't be scared  
of your preacher / 'Cos he's just a leach / He's too busy  
cruising your ass / There's a verse in the bible / That  
says we're all liable / For everything that comes to pass  
/ So smile / Smile / And the whole world smiles with you  
/ They'd smile / They'd smile / If the whole world just  
had a clue / So smile / Smile / Smile / smile / smile /  
smile
