I have no quarrel with your point of view
Just understand that I got me mine too

Beauty in sunshine and beauty in rain
All things divergent and all things the same

Don't try to change me,
Don't rearrange me

Oh no, I do not feel as you do
Oh no, I won't do what you want me to
Oh no, I do not feel as you do
Oh no, never will I be you

This is my canvas, I'll paint what I like
Who ever told you that you had a right

Beauty in pleasure and beauty in pain
See how we differ again and again

Don't try to play me
Love me or hate me

Oh no, I do not feel as you do
Oh no, I won't do what you want me to
Oh no, I do not feel as you do
Oh no, never will I be you

Sometime I, I try to
Be like you, just like you
The hell that I've been through
I'm not you, I'm not you

Oh no, I do not feel as you do
Oh no, I won't do what you want me to
Oh no, I do not feel as you do
Oh no, never will I be you
