Monday morning comes too early

Work my back to the bone

All day Monday I keep thinking

"Weekend's coming, gonna go home"

Tuesday I hate, oh Tuesday

Ain't no girls on the street

Tuesday it ain't good for nothing

Drinking beer and watching TV

Friday, Friday evening

Come on Friday, it's been too long

Friday, Friday evening

Come on Friday, I wanna go home

Wednesday's hump day, hump day's Wednesday

Over the hump, the week's half-gone

If I had my pay on Wednesday

I'd hang out, the hump day's gone

Thursday, you know I feel better

I can see the end in sight

Think I'll write myself a letter

Help myself through the night
