First time I seen you, I knew

You had come undone for someone mistreated you

The ringing in your ears, the salt in your tears

Yes, I know I would feel sick at a dirty deal, yes I do

Some bright morning, the sun will shine again

Some bright morning, start all over again

Hold on, you've got to hold on

If nothing is real, I know how it feels, yes I do

Hold on, when everything is gone

I know how it feels to get a dirty deal, I do
