Lady Luck, please just listen to me  
Mistress of fantasy  
Send a dream my way  
Can you come and make my day?

Lady Luck, elusive as you are  
You're just a fleeting star  
You never hit the sky  
With you I seem to fly

Lady Luck, hold on to my hand  
I'm standing on shifting sand  
I'm a dreamer don't you know  
Lady, just don't let go

Lady Luck, hard as it may seem  
When you pass out all your dreams  
Could you keep me in your mind?  
I'd like to see you one more time
