"Unemployment"

Beating down the pavement, looking for a job
I'll do anything except steal and rob
Unemployment is something I can't use
If you can't use me, can you tell me some good news?

I'll be pretty simple, hear just what I say
I'll do anything to send these blues away
Unemployment is something I can't use
If you can't hear me, can you tell us some good news?

You won't have to pay me overtime, overtime _____ at
You just tell me what time and where at
Unemployment is something I can't use
If you can't hear me, can you tell me some good news?

I'll do anything at all, anything at all ____ _
You know I'm real prompt, I'm right on time
Unemployment is something I can't use
If you can't hear me, can you tell me some good news?
