I imagine your lips on mine and it takes my breath
away.

I imagine what it would feel like to be the one in your
arms and in your dreams.

They say we come from two completely different
worlds.

But anyone can see that they're wrong.

When I'm with you I feel blessed, safe and precious.

To know you is a gift from above
Imagine if we fell in love.

I imagine your hand on mine and I'm filled with
butterflies.

I imagine what it would sound like to hear you say that
you'll love me 'til you die.

You saved my life in more ways than you will ever
know.

When I see you I feel like I'm home.

When I'm with you I feel peace, I am complete.

To know you is a gift from above
Imagine if we fell in love.

They say we come from two completely different
worlds

But anyone can see that they're wrong.

When I'm with you I feel blessed, safe and precious.

Imagine if we fell in love.

What a gift it would be from above.
