The dawn is filled with dreams
So many dreams, which one is mine?
One must be right for me

Which dream of all the dreams
When there's a dream for every star?
And there are, oh so many stars, so many stars

The wind is filled with songs
So many songs, which one is mine?
One must be right for me

Which song of all the songs
When there's a song for every star?
And there are, oh so many stars, so many stars

Alone the countless days
The endless nights that I have searched
So many eyes so many hearts so many smiles

Which one to choose? Which way to go?
How can I tell? How will I know?
Out of, oh so many stars, so many stars

Alone the countless days
The endless nights that I have searched
So many eyes so many hearts so many smiles

Which one to choose? Which way to go?
How can I tell? How will I know?
Oh so many stars, so many stars
So many stars, so many stars
