River, it likes to flow  
Eagle, it likes to fly  
Eagle, it likes to feel  
It's wings against the sky

Possum, it likes to run  
Ivy, it likes to climb  
Bird in the tree and bumble bee want  
Freedom in the autumn and the summertime

Ever since the day  
When the world was an onion  
Ooh, it's natural  
For the spirit to soar and play

Way the Lord wanted it  
Free as the sun is free  
That's how it's gotta be  
Whatever is right for the bumble bee  
And river and the eagle is right for me

Ever since the day  
When the world was an onion  
Ooh, it was natural  
For the spirit to soar and play

Way the Lord wanted it free  
That's how it's gotta be  
Whatever is right for the bumble bee  
And river and the eagle is right for me  
Yeah

Yeah  
Gotta be free
