My analyst told me that I was right out of my head  
The way he discribed it he said 'd be better dead than  
alive  
I didn't listen to his jive  
I knew all along that he was all wrong  
And I knew that he thought I was crazy but I'm not, oh  
no

My analyst told me that I was right out of my head  
He said I need treatment but I'm not that easily led  
He said I am t'he type that is most inclined  
When out of his sight to be out of my mind  
And he said I was nuts  
No more ifs or ands or buts, oh no

They say as a child I appeard a littele bit Wild with all  
my crazy ideas  
But I knew what was happening  
I knew I was a genius  
What's so strange when you know that you're a wizard  
at three  
I knew that this was meant to be

Well they say little children are supposed to sleep tight  
That's why I drank a fifth of vodka one night  
My parents got frantic, didn't know what to do  
But I saw some crazy scenes before I came to  
Now do you think I was crazy  
I may have been only three but I was swinging

They all laughed at A. Graham Bell  
They all laughed at Edison and Einstein  
Now why should I feel sorry if they just  
Couldn't understand tha reason and the logic that went  
on in my head  
I had a brain it was insane  
So I just let them laugh at me when I refused to ride  
On all those double decker buses  
All because there was no driver on the top

My analyst told me that I was right out of my head  
The way he described it he said I'd be better dead

than alive  
I didn't listen to his jive  
I knew all along that he was all wrong  
And I knew that he thought  
I was crazy but I'm not oh no

My analyst told me that I was right out of my head  
But I said dear doctor I think that it's you instaed  
Because I have a thing that's unique and new  
It proves that I'll heve the last laugh on you  
'Cause instaed of one head  
I got two  
And you know two heads are better than one
