Love, risin' from the mists
Promise me this and only this
Holy breath touchin' me
Like a wind song
Sweet communion of a kiss

Sun, siftin' thru the grey
Enter in, reach me with a ray
Silently swoopin' down
Just to show me
How to give my heart away

And once a crystal choir
Appeared while I was sleepin' and called my name
And when they came down nearer
Sayin', "Dyin' is done",
Then a new song was sung
Until somewhere we breathed as one

Stars, burstin' in the sky
Hear the sad nova's dyin' cry
Shimmerin' memory
Come and hold me
While you show me how to fly

Sun, siftin' thru the grey
Enter in, reach me with a ray
Silently swoopin' down
Just to show me
How to give my heart away

And lately sparklin' hosts
Come fill my dreams descendin' on firey beams
I've seen 'em come clear down
Where our poor bodies lay
Soothe us gently and say,
"Gonna wipe all your tears away"

And still I hear their whisper...

Love risin' from the mists

Promise me this and only this
Holy breath touchin' me
Like a wind song
Sweet communion of a kiss...
