I hate to see you go  
You're goin' up the loggin' road  
Bless my soul, it's starting to snow  
I hate to see you go  
You're goin' up the loggin' road  
You're moving out so slow  
Swing your partner do-si-do  
Goodbye goodbye goodbye

Don't forget your hat, my love  
I just won't have you goin' out  
Looking like that, my love  
Look out for the bears  
There's going to be a lot of strangeness there  
And whatever you do don't go to sleep  
Don't lie down don't do the final thing  
Oh, and if I come looking for you  
Up the loggin' road  
And if I find you fallen down should I fall?  
Should I kneel? Should I cover you?  
Should I keep you from the cold?  
Goodbye goodbye goodbye

What's that?  
You say you forgot the sweet familiar?  
Tears are a-clinking?  
Yeah, it's getting pretty cold  
And as you move up into the forest  
As you move between the thin the trees  
You'll be in good hands  
You can do whatever you please  
Anything you say, anything you do  
Anything you say, anything you do  
Goodbye goodbye goodbye
