My cat's name is Maceo
He's a little man in a cat's body
Well, he yawns just like I do
He's convinced, I won't eat him

I think, he thinks that I'm his dad
'Cause I saved him from the pound
Well, we went down, down to the pound
An' that's where we saw Maceo

La la la
La la la
La la la

Cat catcher said to me
"Go ahead and pick one out"
Maceo said, "Let me out"
He sleeps right where I do
And we wrestle in the morning

He comes to you if you don't bother him
He just likes to do his own thing
Well, my cat's name is Maceo
He's a little man in a cat's body

Here we go
La la la
La la la
La la la
