I had no life, I had no love, I was a bug
I had no mirror, wore dirty clothes over and over
The day I saw her my mind was set

I'll never forget
I have not failed her yet

I've got a reason now to live, that love
She's right here beside me, we're high up above
Yeah, I've got a reason now to live, that love
Oh, I've got a reason

It's the ultimate
Ooh, it's the ultimate love

I had to close the distance that lay between us
I had a plan that we elope upon the, "Jaws of death"
And with the roaring sea below

With God as our witness, it all began to hit us
I began to take in the magical island, intoxication

I've got a reason now to live, that love
She's right here beside me, we're high up above
Oh, I've got a reason now to live, that love
Oh, I've got a reason

It's the ultimate
Yeah, it's the ultimate

That love, that love, that love, that love
That love, that love, that love
That love, that love, that love, that love
That love, that love, that love
