Stay awake and walk the streets
While the world is fast asleep
Anything to pass the time away
The night is filled with thoughts of you
Neon lights and rendezvous
Reminders of a distant yesterday
But lately...
I call you up, you're never home
Stop by your door
I leave a note
Where are we now? I need to know...

Is it ever gonna be alright?
Is it ever gonna feel the same?
Are we ever gonna get back the time that we lost?
Is it ever gonna be alright?
Are we ever gonna find our way?
Are we ever gonna get back the love that we lost?

Watching lovers pass me by
Their laughter makes me wanna cry
Nothing seems the same when we're apart
I think about you constantly
I need to find you desperately
I have to find the words to reach your heart...

Is it ever gonna be alright?
Is it ever gonna feel the same?
Are we ever gonna get back the time that we lost?
Is it ever gonna be alright?
Are we ever gonna find our way?
Are we ever gonna get back the love that we lost?

I call you up, you're never home
Stop by your door
I leave a note
Where are we now? I need to know...

Is it ever gonna be alright?
Is it ever gonna feel the same?
Are we ever gonna get back the time that we lost?

Is it ever gonna be alright?
Are we ever gonna find our way?
Are we ever gonna get back the love that we lost?

Stay awake and walk the street
While the world is fast asleep...
