The morning cold and raining,
dark before the dawn could come
How long in twilight waiting
longing for the rising sun
ohoh ohoh Oh ooh

You came like crashing thunder
breaking through these walls of stone
You came with wide eyed wonder
into all this great unknown
ohoh ohoh Ohoooh Oohh

Hush now don't you be afraid
I promise you I'll always stay
I'll never be that far away
I'm right here with you

[Chorus]

You're so amazing you shine like the stars
You're so amazing the beauty you are
You came blazing right into my heart
You're so amazing you are...
You are

You came from heaven shining
Breath of God still flows from fresh on you
The beating heart inside me
Crumbled at this one so new
ohoh ohoh Oohh ooohhh

No matter where or how far you wander
For a thousand years or longer

I will always be there for you
Right here with you

[Chorus]

You're so amazing you shine like the stars
You're so amazing the beauty you are
You came blazing right into my heart
You're so amazing you are...

I hope your tears are few and fast
I hope your dreams come true at last
I hope you find love that goes on and on and on and on
and on
I hope you wish on every star
I hope you never fall too far
I hope this world can see how wonderful you are

[Chorus]

You're so amazing you shine like the stars
You're so amazing the beauty you are
You came blazing right into my heart
You're so amazing...

You're so amazing you shine like the stars
You're so amazing the beauty you are
You came blazing right into my heart
You're so amazing you are...
You are
oooooooo
