"Everlasting"

Visit "[Everlasting](#)" on [MotoLyrics.com](#)

Everything I touch
Is gonna someday turn to dust
What will survive?
Everything I am
Is held within His hand
He gives me life

I won't die, I won't perish
I am everlasting
I won't die, I have life
Everlasting

Every step I take
Is not a choice for just today
I look to Him
He lights the path to everything that lasts
No darkness could take this truth away

Now I know that if my world dissolves
My eternal home is standing tall
Will never fall
