You try to look so cool
But to me all you look is a fool
Try to look so hot
But you actin like a robot
Copyin all the bitches
and the fads
But all you are is a little sad
I'll laugh at you
No you cant laugh at me
Cuz I aint the same cant you see
I'm unique
Im Not the same
I am better
listen to this
Dont mess wit the best
Cuz the best dont mess
So dont mes wit me

Listen Chick
Dont you see
I know I aint perfect
But you aint either
Dont you relize
That I am diff
All you are is a bitch

Fool you fell for him?
Silly silly you.
You think he loves ya
Why dont you see the girl
That he is wit now
You probably wouldnt like it
At all
You wouldnt like it at all cuz you dont like me
Face the facts girl he wants me
All I can do is go along

Listen Chick
Dont you see
I know I aint perfect
But you aint either

Dont you relize
That I am diff
All you are is a bitch

Listen okay
I am tryin to be nice
But it is kind of hard
When all you can say is that I am gay
How can I be when
I have 3 boyfriends
Attacking me
Wanting to be my sexylove
I just have one last goodbye to tell you
And here it is

Listen Chick
Dont you see
I know I aint perfect
But you aint either
Dont you relize
That I am diff
All you are is a bitch
Listen Chick
Dont you see
I know I aint perfect
But you aint either
Dont you relize
That I am diff
All you are is a bitch
Listen Chick
Dont you see
I know I aint perfect
But you aint either
Dont you relize
That I am diff
All you are is a bitch
