"Over My Head"

Visit "[Over My Head](#)" on MotoLyrics.com

There I go again, falling off the deep end
Looks like I'm sinking into my old ways
I think I know it all, that's when I start to fall

Just can't seem to get it right these days
Just when I thought I was going under
You were right there waiting in all Your wonder

The way You know me, it's over my head
The grace You show me, it's over my head
I can't begin to comprehend
The way Your mercy never ends
It's over my head

Sometimes it's hard to see, the very heart of me
I seem to wander where I don't belong
But every single day, You're just a prayer away

And in my weakness I know you are strong
So, every time I think I'm going under
Lord, help keep my eyes on You and all Your wonder

It's so unbelievable, so inconceivable
Amazing love how can it be
