You are my everything  
The reason why I hoped and dreamed  
You and I are a story untold  
And now you're gone and my hearts turned cold

What can describe how I feel inside with a heart so  
small  
Don't feel sorry for me, don't you feel guilty since you  
moved on  
Internally, you murder me my emotions bleed no more  
I'll have chills at night probably til I die and feel a love  
reborn

Cause you are my everything  
The reason why I hoped and dreamed  
You and I are a story untold  
And now you're gone and my hearts turned cold

Emotionally I was confused but only for a second there  
was I fooled  
Gave you all of me every part of me even sacrificed my  
precious jewels  
Then you patiently chipped away at me using your  
words as tools  
And I compromised my identity and gave into me just  
to play by your rules

You are my everything  
The reason why I hoped and dreamed  
You and I are a story untold  
And now you're gone and my hearts turned cold

Now that I'm free, I can release all that I have in me  
All that I've held in for so long  
Won't let that keep me from moving on  
Now that I'm free, I can release all that I have in me  
All that I've held in for so long  
Won't let that keep me from moving on

What's loves advice speak from your heart let the truth  
see you thru

Cause what goes around always comes around and  
this could be you singing

You are my everything  
The reason why I hoped and dreamed  
You and I are a story untold  
And now you're gone and my hearts turned cold

Cause you are my everything  
The reason why I hoped and dreamed  
You and I are a story untold  
And now you're gone and my hearts turned cold
