Early each morning he searched for her  
Til his feet become bloody and tired  
Her hologram photo stayed near to him  
Buried deep in the pics of his heart  
The lock of gray hair that she gave to him  
Stayed clutched in his fist through the night  
Dead or alive, she still yearned for him  
Cause even in the darkness there's light, oh and

One by one  
It's your time  
Lead them both back to me  
The sun has come  
May your light lead them both back to me  
Indivisible sum

Cold in the cell lost and shivering  
Gunshots in hallways unknown

Cause you're the only one"

One by one  
It's your time  
Lead them both back to me  
The sun has come  
May your light lead them both back to me  
Indivisible sum  
Here's the book now the saga's begun  
I wonder if I'm  
(You're the one)

Am I the one?

Anthony Greendown your Cindi Mayweather will always  
be waiting for you  
Just as sure as the sunlight beaming on your eyes I'll  
always be waiting for you
