Uh shock it, break it baby  
Electric lady, electric lady  
Uh shock it, break it baby  
Electric lady, electric lady  
Uh shock it, break it baby  
Electric lady, electric lady  
Uh shock it, break it baby  
Electric lady, electric lady

Electric lady, in a way now  
We can dance, we can love  
Electric lady, in a way now  
We can dance, we can love

We waitin' in the wrong room, we're looking at the sky  
When electric thoughts are coming  
We'll be â€¦ tonight  
I'm where I wanna be, yeah you and me  
Talking on the side, as the world spins around  
When you see my spine upright, that's when your mind  
starts making love with mine

Electric lady, in a way now  
We can dance, we can love  
Electric lady, in a way now  
We can dance, we can love now

Now I'm gon' teach you something good  
Come ouch my electric skin  
I'll reprogram your mind, don't be afraid  
I'll make you dream again, o-o-oh

I'm where I wanna be, yeah you and me  
Talking on the side, as the world sá<sup>1</sup>—ins around  
You see my electric eyes, that's when your mind starts  
making love with mine

Electric lady, in a way now  
We can dance, we can love  
Electric lady, in a way now  
We can dance, we can love now

Love is born to be for everyone,  
No matter who you are, regardless who you love  
Hands up high, go ahead and testify, ..  
You can take or give love if you want to  
Love is born to be for everyone,  
No matter who you are, regardless who you love  
And hands up high, swing that finger in the sky  
And pray for who you love  
You can take or give love

Electric lady, in a way now  
We can dance, we can love  
Electric lady, get down, get down  
We can dance, get away now

Uh shock it, break it baby  
Electric lady, electric lady  
Uh shock it, break it baby  
Electric lady, electric lady  
Uh shock it, break it baby  
Electric lady, electric lady  
Uh shock it, break it baby  
Electric lady, electric lady

Uh shock it, break it baby  
Electric lady, electric lady  
Uh shock it, break it baby  
Electric lady, electric lady  
Uh shock it, break it baby  
Electric lady, electric lady  
Uh shock it, break it baby  
Electric lady, electric lady

Electric lady, in a way now  
We can dance, we can love  
We go, we go

Uh shock it, break it baby  
Electric lady, electric lady  
Uh shock it, break it baby  
Electric lady, electric lady  
Uh shock it, break it baby  
Electric lady, electric lady  
Uh shock it, break it baby  
Electric lady, electric lady  
Electric lady  
Electric lady
