It's over now --- Janet Gabriel

You said you were leaving
You said we were thru'
'Accuse me of cheatin'
And lying to you
Boy don't you see that you're breaking my heart?

Gave you all the time in this world and respect
I spent all my time my money, I'm in debt
I did all I can but couldn't get through to you

Was I negligent?
Didn't I fit into your plans?
My accomplishment!
I made you a better man

Chorus
It could have been you
It could have been me
You never would know
You never would see baby
'Cos it's over now

You think you can use me
And leave me confused
You think you're a winner
But really you lose
No longer a link in your long chain of fools
No that I'm wiser with fewer regrets
I learned a new lesson I'll never forget

Remember what goes around always comes around

Was I negligent?
Didn't I fit into your plans?
My accomplishment!
I made you a better man

Chorus
It could have been you
It could have been me

You never would know
You never would see baby
'Cos it's over now

Bridge:

Now there was a time I'll do anything to love u
And I wanted to
I'd loose my mind if anything came betwee me and
you...

Chorus

It could have been you
It could have been me
You never would know
You never would see baby
'Cos it's over now

Chorus

It could have been you
It could have been me
You never would know
You never would see baby
'Cos it's over now

Till fade
