Love Changes Everything - Janet Gabriel/Laurence Hobbs

Sometimes it feels the trouble's never-ending
And nothing's going right
And everything you do is just pretending
It's just a constant fight
And one day when it seems it won't get better
And you're so sure you'll always be alone
Then you'll discover
Something you've always known
Yes you will

Chorus:
Love changes everything
On a rainy day
All you wanna do is sing
And stormy weather
Never feels so bad,
'Cos you're glad

Love changes everything
Makes you feel like your world is so brand new
It's getting better
It's so much clearer now
'Cos love changes everything

When it seems you're failing under pressure
And there's no where left to turn
And all the things you do aren't up to measure
You crumble and you burn
And suddenly you don't know where you're going
And you don't have the strength to keep on moving on

Then you'll find someone
Who makes right all the wrongs
'Cos you know that

Chorus:
Love changes everything
On a rainy day
All you wanna do is sing

And stormy weather
Never feels so bad,
'Cos you're glad

Love changes everything
Makes you feel like your world is so brand new
It's getting better
It's so much clearer now
'Cos love changes everything

Bridge:

And then you find the good times just get better
And all the pain you feel inside just melts away
Love will take you through the stormy weather
Just believe and you'll see

Chorus:

Love changes everything
On a rainy day
All you wanna do is sing
And stormy weather
Never feels so bad,
'Cos you're glad

Love changes everything
Makes you feel like your world is so brand new
It's getting better
It's so much clearer now
'Cos love changes everything
