In the thunder & rain, You stare into my eyes
I can feel your hand moving up my thigh
Skirt around my waist ; Wall against my face
I can feel your lips

I dont wanna stop just because people walking by are
watching us
I don't give a damn what they think;I want you now.
I don't wanna stop just becaust it feels so good inside,
oh my love
I'm not gonna stop no no no; I want you all I wanna say
is...
Anytime,and Anyplace I don't care who's around
Anytime,and Anyplace I don't care who's around; No no
no no no

Dancing on the floor, Feeling the sun brew
My mind is starting to burn with the many thoughts
Strangers all around with the lights down low
I was thinking maybe we could well you know

I don't wanna stop just because people standing
around are
watching us
I don't give a damn what they think , I want you now
I don't wanna stop just because it feels so good inside,
oh my love
I'm not gonna stop, no no no I want you all I wanna say
is
Anytime, and anyplace i dont care whose around
no no no no no no
Anytime baby, and anyplace i dont care whose around
Say it again,say it again
Anytime and anyplace i dont care whose around
No no no no no no
I don't care who's around
