Because of love
Because of love

Because of love
I know you better
Because of love
We are together
Because of love
You have my heart
Because of love
We'll never part

When I first met you I knew that
My life would never be the same
And I knew that you felt it to
Never feel alone again

Boy, 'cause you're love makes me feel so secure
You got me singin'

Because of love
I know you better
Because of love
We are together
Because of love
You have my heart
Because of love
We'll never part

Because of love
I know you better
Because of love
We are together
Because of love
You have my heart
Because of love
We'll never part

I don't care what people say
You're the one that brings me so much joy
When I look, your smilin' eyes
My heart wants to dance, boy

There's only you on my mind
And I never want to leave your side
It feels right so let's stay together
Never feel alone again

Boy, 'cause you're love makes me feel so secure
You got me singin'

Because of love
I know you better
Because of love
We are together
Because of love
You have my heart
Because of love
We'll never part

It's cause of love
We've shared great memories
The way you make me feel
It's cause of love
I feel so high
I don't need nobody else
Because of love
Because of love

Because of
Because of love
Because of love
I know you better
Because of
Because of love
I know you better

Because of love
I know you better
Because of love
We are together
Because of love
You have my heart
Because of love
We'll never part

Because of love
I know you better
Because of love
We are together
Because of love
You have my heart
Because of love

We'll never part

Because of love

Because of love

Because of love

Because of love

Because of love

Because of love

Because of love
