Standin' at the edge of time 'bout to lose my mind  
'Cause you try to take him away from me and I won't let  
it be  
You just walk into my life and try to take away my only  
prize  
But you better give credit 'cause his love is right here  
for me

You don't stand another chance  
You don't stand another chance  
You don't stand another chance  
You don't stand another chance

He belongs to me, just wait and see  
Take him in my arms, give him love, not too much of  
me  
Nothin' you can do or say to make him look your way  
So you better give credit 'cause it's gonna come  
walking my way

You don't stand another chance  
You don't stand another chance  
(You don't stand)  
You don't stand another chance  
(You don't stand, baby)  
You don't stand another chance

You don't stand another chance  
(You don't stand)  
You don't stand another chance

Sit and wait at home 'bout to leave me alone  
You'll be with him when he's up, not down, to keep him  
on the ground  
Let me tell you something, it's true, he's not in love with  
you  
So you better give credit 'cause it's nothing coming  
down your way

You don't stand another chance  
(Not a chance, baby)  
You don't stand another chance

(You don't stand, baby)

You don't stand another chance  
(You don't stand)  
You don't stand another chance  
You don't stand

Well, you know somebody's gotta lose  
We all can't win, maybe next time, okay  
You guys are confusing

You don't stand another chance  
(You don't stand)  
You don't stand another chance  
(You don't stand, baby)

You don't stand another chance  
(You don't stand, baby)  
You don't stand another chance  
(Another chance)

You don't stand another chance  
You don't stand another chance  
You don't stand another chance
