How could it be that you knew me?  
My deepest fears, my fantasies  
Confide in you what no one knows  
But it feels so real

(When I close my eyes)  
I can see your face  
(When I lick my lips)  
I can taste your smile  
(When I see your name)  
My heart starts to race  
(If I can't read your thoughts)  
Then I feel empty

(When I close my eyes)  
I feel empty  
(When I close my eyes)  
I feel empty  
(When I close my eyes)  
Whoa, I feel empty  
(When I close my eyes)

Is this a new way to love?  
Never face to face, is it enough?  
Does it really count or am I a fool?  
So tell me, please, am I wasting my time?

Your phrases, descriptive  
And through the textured words  
With beauty, you post it  
And use such colored verbs  
We've never met, ooh

(When I close my eyes)  
I can see your face  
(When I lick my lips)  
I can taste your smile  
(When I see your name)  
My heart starts to race  
(If I can't read your thoughts)

Then I feel empty

(When I close my eyes)

I feel empty

(When I close my eyes)

Whoa, I feel empty

(When I close my eyes)

Oh yeah yeah

(When I close my eyes)

I'm rushin' home to turn you on

Sometimes you're there, sometimes you're gone

Wait for hours for your return

So tell me please, am I wasting my time?

Your phrases, descriptive

And through the textured words

With beauty, you post it

And use such colored verbs

So tell me, you think that maybe we've gone insane?

To find a, a lover and through the words of pain

We've never met, ooh

(When I close my eyes)

I can see your face

(When I lick my lips)

I can taste your smile

(When I see your name)

My heart starts to race

(If I can't read your thoughts)

Then I feel empty

I feel empty

Whoa, I feel empty

So empty

When I lick my lips

(When I close my eyes)

I can taste your smile

(When I close my eyes)

My heart starts to race

(When I close my eyes)

I can taste your smile

(When I close my eyes)

(When I close my eyes)

I can see your face

(When I lick my lips)

I can taste your smile

(When I see your name)

My heart starts to race

(If I can't read your thoughts)  
Then I feel empty  
(When I close my eyes)  
I feel empty  
(When I close my eyes)  
I feel empty

(When I close my eyes)  
(When I close my eyes)  
(When I close my eyes)  
(When I close my eyes)  
Damn, disconnected
