Love is blind  
But I see so clearly what  
I want this time  
You and I together  
If we're serious  
Have to tell you  
Just to be the one who  
feels your touch  
Even it takes forever  
Chorus

I don't need you to stay  
We can be lovers for a day  
Make me shiver  
Make me smile  
Love me for a little while  
Promises that we keep  
Only until we fall asleep  
Just because I love your style  
Love me for a little while  
Experience  
Is the thing that can  
make love so sweet  
Enchant  
Always seems to gives  
us what we need  
So I'm  
Asking if you want the  
fantasy tonight  
Bet you won't forget it never

Chorus

I don't need you to stay  
We can be lovers for a day  
Make me shiver  
Make me smile  
Love me for a little while  
Promises that we keep  
Only until we fall asleep  
Just because I love your style

Love me for a little while  
I don't you to say  
That you want us to stay  
But since we're here today  
Love me  
For a little while
