[Memphis Bleek]

Memph Bleek where the hoez at

Be where the dough at

Treez, yo I blow dat

C's yo I hold that

Guns, yo I tote that

O's, sold that

Blow niggaz for stuntin, Fuck y'all frontin

The war you could get that

Spit till I sip that

Gunz, neva sit back

Money I'ma get that

Mind I don't play y'all

Bleek still the same y'all

Aim the rod then I blaze the squad

All the hoez roll the weed up

You know that it's G's up

Roll till you eat some

I flow for the threesomes

Chickens I dont need them

Snitches I'ma see them

Meet em with the gunz and heat em with the one's

If you feel that you die-proof, .45 proof

I'll find where they hide you, outline you

You niggaz know the name and my bitches know the
game

I'm in it for life and want all y'all to say

It's life, Money... drugs... murder for life, what you think
y'all

[Chorus]

[Memphis Bleek]

Yo these streets, I control now
Creep on the low now
Empty and reload now
See me on the flow now
Drugs I could move quick
Thug on my new strip
Pump till I move bricks
Floss till I lose chips
? got it gemmed up
Accord got it rimmed up
Roll wit da dog On top is where you end up
Ride in a hot whip
Live in a hot crib
Spend what you got Memph
I'm about that hot shit
Bitches give me Brain Now
Bleek do his thang now
Eat em hoez the same now
Creep In the game now
Lay up wit the right bird
Me, I'm tryin to slice first
Tryin to flow suttin you go head and owe suttin
I'm high...roll suttin
You Die if you know suttin
And break me off wit some of the O's or suttin
The M-e-m-p-h man, Memph Bleek don't play
We all gotta eat Swizz Beats make 'em say
Money Drugz Murda for Life what you think y'all huh
