[Verse 1]

I pull up on deuce deuces, still roofless
No security I move with shooters

I'm on skinnies, two with me
Battle of Armi, '89 in it I'm blowin on Phillies
And yeah I'm high as fuck
And the Roc's the realest click nigga I'm a buy as fuck
WHAT!
Say I'm bug cause I walk with a hung John
Nine two hund' fifty, don't disrespect me
I call my nigga seal the deal
Cause he just brought a G to seal the deal prick!
And I got that on stand by (stand by)
What you commercial niggas fly stand buy, won't stand

[Verse 2]

You talk jewels, my ears got 2K blazers
Roc jeans, Airs in all flavors

White tees and fitted's, backwoods and spinage
That's haze for you dudes who dont get it
I smoke silver and strawberry
Easy ball like Maurberry you know I'm not the ordinary
I keep one that keep one
Yeah my bitch bag bitches too, we the illest crew
Nothin change but the rims upgrade
It's quarters now ma, and I'm on it now
So hop in, I pull off like toupes
And the only thing I rock on my hip that's two ways
My bitch, my beeper, Bleek keep two heaters
Still peeling the city with two seaters
And you know how I does it while I'm doin it
Black coupin it bitch, I keep two in it

[Chorus]

[Verse 3]

Look here, I live wild like Q cousin +Day-Day+
Anytime I want, I take they K

Stay two more weeks I'll be home in December
You know I move like that
The game all mad cause I'm back with my tool like that
I'm in that big body truck
That I whip through the sky like I don't give a fuck
Got trucks with drivers, cars low mileage
Just copped it, I drove it and parked it
Truthfully thats my Sunday wheel
And your wife, real nice, she my Sunday feel nigga!
I got one day for her still ok for her
But by sunrise, I throwed her one high
You know I'm up and out
Hit the brake clutch throw it in first, pull out easy gone
