Do you know (do you know)
Do you know where to go to rock 'n' roll (rock 'n' roll)
When you go down you can swing with me (come with me)
Show you a place they call, do you know (do you know)

Everything is such a mystery
Ever since you were the age of three
You've been running, hiding memories
Tell me what it is that we can see

Tryin' to make sure you will be all right
Don't you know that I'll give you a good time
If you wanna have a ball, stick with me
We can go where there is a lot to see

Do you wanna go in my brand new car?
Rollin' to the spot, darlin' it's not far
A lot of people there, so don't be scared
If you wanna go, baby, everybody's wearing red

Do you know (do you know)
Do you know where to go to rock 'n' roll (rock 'n' roll)
When you go down you can come with me (come with me)
Show you a place they call, do you know (do you know?)

Oh, everybody's coming to and from
Come on baby lets hit the floor
I wanna dance until the night is young
Come on girl, let's have some fun
Tryin' to make sure you will be all right
Got to enjoy this party tonight
Don't you ever let them get you down
If the girl is better, tell her to hit the ground

Do you wanna go in my brand new car
Rollin' to the spot, darlin' it's not far
A lot of people there, so don't be scared
If you wanna go, baby, everybody's wearing red

Do you know (do you know)

Do you know where to go to rock 'n' roll (rock 'n' roll)
When you go down you can come with me (come with
me)
Show you a place they call, do you know (do you know)

Do you know where to go
Do you know? (do you know)
Do you know where to go to rock 'n' roll (rock 'n' roll)
When you go down you can come with me (come with
me)
Show you a place they call, do you know (do you know)
Do you know where to go

Oh, don't you wanna come with me
Don't you wanna come with me
Don't you wanna go, everywhere to go
Don't you wanna come with me
Babe

Oh, every night, every day
Don't you, don't you, don't you
Come my way
Don't you wanna come with me
Don't you wanna come with me
Don't you wanna go, everywhere to go
Don't you wanna come with me
Babe
