Ooh, you bring me up and down through emotions
Like a rollercoaster, spinning like a ferris wheel
Ooh, you take me upside down with my feelings
And I know the reason, baby, your love is surreal

You make me go, you make me go
You make me go, make me go
You make me go, you make me go like a rollercoaster

There's a high level of love going on
The feelings are just way too strong
The reason that you got me gone
Is babe, 'cause you turn me on

With a bit of it more than a little bit
I'm addicted every time I get a hit of it
'Cause, oh baby, you take me so high
When I'm on your rollercoaster ride

I'm in and out of love and it's all because
I can't make up my mind, I'm so confused
Don't know what to do and it's 'cause of you

Ooh, you bring me up and down through emotions
Like a rollercoaster, spinning like a ferris wheel
Ooh, you take me upside down with my feelings
And I know the reason, baby, your love is surreal

You make me go, you make me go
You make me go, make me go
You make me go, you make me go like a rollercoaster

Boy, you give me butterflies, so deep inside
Breaks me down when I look in those eyes
Takes me out way across the sky
Baby boy, I won't lie
Usually I'm not this shy, you do it to me every time
I get on your rollercoaster ride

I'm in and out of love and it's all because
I can't make up my mind, I'm so confused
Don't know what to do and it's 'cause of you

Ooh, you bring me up and down through emotions
Like a rollercoaster, spinning like a ferris wheel
Ooh, you take me upside down with my feelings
And I know the reason, baby, your love is surreal

You make me go, you make me go
You make me go, make me go
You make me go, you make me go like a rollercoaster

'Cause you make me go up and down
And around and around and I can't take it
You make me go up and down
And around and around, that's why boy, I can't take it

Ooh, you bring me up and down through emotions
Like a rollercoaster, spinning like a ferris wheel
Ooh, you take me upside down with my feelings
And I know the reason, baby, your love is surreal

You make me go, you make me go
You make me go, make me go
You make me go, you make me go like a rollercoaster
